Email: jahnvi27oct@gmail.com

Mobile: +91 9431774605

SKILLS

Languages:	JavaScript, Python, Java, C++
Backend & APIs:	Node.js, Express.js, FastAPI, REST APIs, Microservices, JWT Authentication
Databases:	MySQL, MS SQL Server, MongoDB
Cloud & DevOps:	Docker, Kubernetes, Jenkins, AWS (EC2, S3, VPC, EBS, IAM, ELB, CloudWatch)
Technical Skills:	Data Structures & Algorithms, OOP, DBMS, Computer Networks, AI/LLM Integration
Tools/Platforms:	Linux, GitHub Actions, Prometheus, Grafana, Automation Anywhere
Soft Skills:	Problem-Solving, Adaptability, Leadership, Team Player

PROJECTS

SYS_GUARD (Cloud Guard) – FinOps Optimization Engine | [Link](#) Feb'26 – Apr'26

- Built a FinOps and cloud monitoring system using FastAPI and MySQL to track AWS resources, estimate real-time costs, and detect infrastructure inefficiencies.
- Developed modules for cost analysis, idle resource detection, and optimization recommendations to identify potential cloud savings.
- Containerized services using Docker and deployed them on Kubernetes with Jenkins-based CI/CD automation.
- Integrated Prometheus and Grafana for monitoring system health, infrastructure metrics, and resource usage visualization.
- Tech Stack:** FastAPI, Python, MySQL, AWS (EC2, S3), boto3, Docker, Kubernetes, Jenkins, Prometheus, Grafana

School Management System | [Link](#) Jan'26 - Apr'26

- Developed a microservices-based School Management System using Python, FastAPI, React, and Docker, deployed on AWS EC2.
- Built secure REST APIs for attendance tracking, exam management, timetable scheduling, and role-based access for students and teachers.
- Integrated JWT authentication and an AI assistant to automate academic query handling and improve workflow efficiency.
- Optimized deployment workflows using GitHub Actions to manage frontend builds and streamline cloud deployment.
- Tech Stack:** Python, FastAPI, React, TypeScript, Tailwind CSS, Docker, JWT Authentication, AWS EC2, GitHub Actions

TRAINING

Data Structures & Algorithms - LPU | [Certification](#) Jun' 25 - July' 25

- Completed a structured Data Structures & Algorithm (DSA) training program focused on mastering core concepts like arrays, linked lists, stacks, queues, trees, graphs, and sorting/searching techniques.
- Practiced problem-solving through **LeetCode challenges**, improving logic-building, time complexity analysis, and solution optimization skills.

CERTIFICATES

Social Networking - NPTEL | [Certificate](#) May' 24

Data Structure and Algorithm - Hitbullseye | [Certificate](#) Apr' 24

TCP/IP and Advanced Topics - Coursera | [Certificate](#) Apr' 24

The Bits and Bytes of Computer Networking – Coursera | [Certificate](#)

EXTRACURRICULAR ACTIVITIES

Community Development Project Jun' 25 - July' 25

- Participated in a vulture conservation field initiative focused on spreading ecological awareness within local communities.
- Collaborated with environmental experts and team members to document findings and promote sustainable wildlife conservation practices.

Education

Lovely Professional University Phagwara, Punjab
B.Tech. CSE; CGPA: 7.81 Sep' 23 - Present

DAV Public School Hazaribagh, Jharkhand
Intermediate- PCMB; Percentage: 80% Apr' 21 - May' 22

DAV Public School Hazaribagh, Jharkhand
Matriculation; Percentage: 88% Apr' 20 - May' 21
